

2014 FTC Annual Report

A photograph of a yellow helicopter on a landing pad in a forest clearing near a lake, with a white truck nearby and people in safety gear.

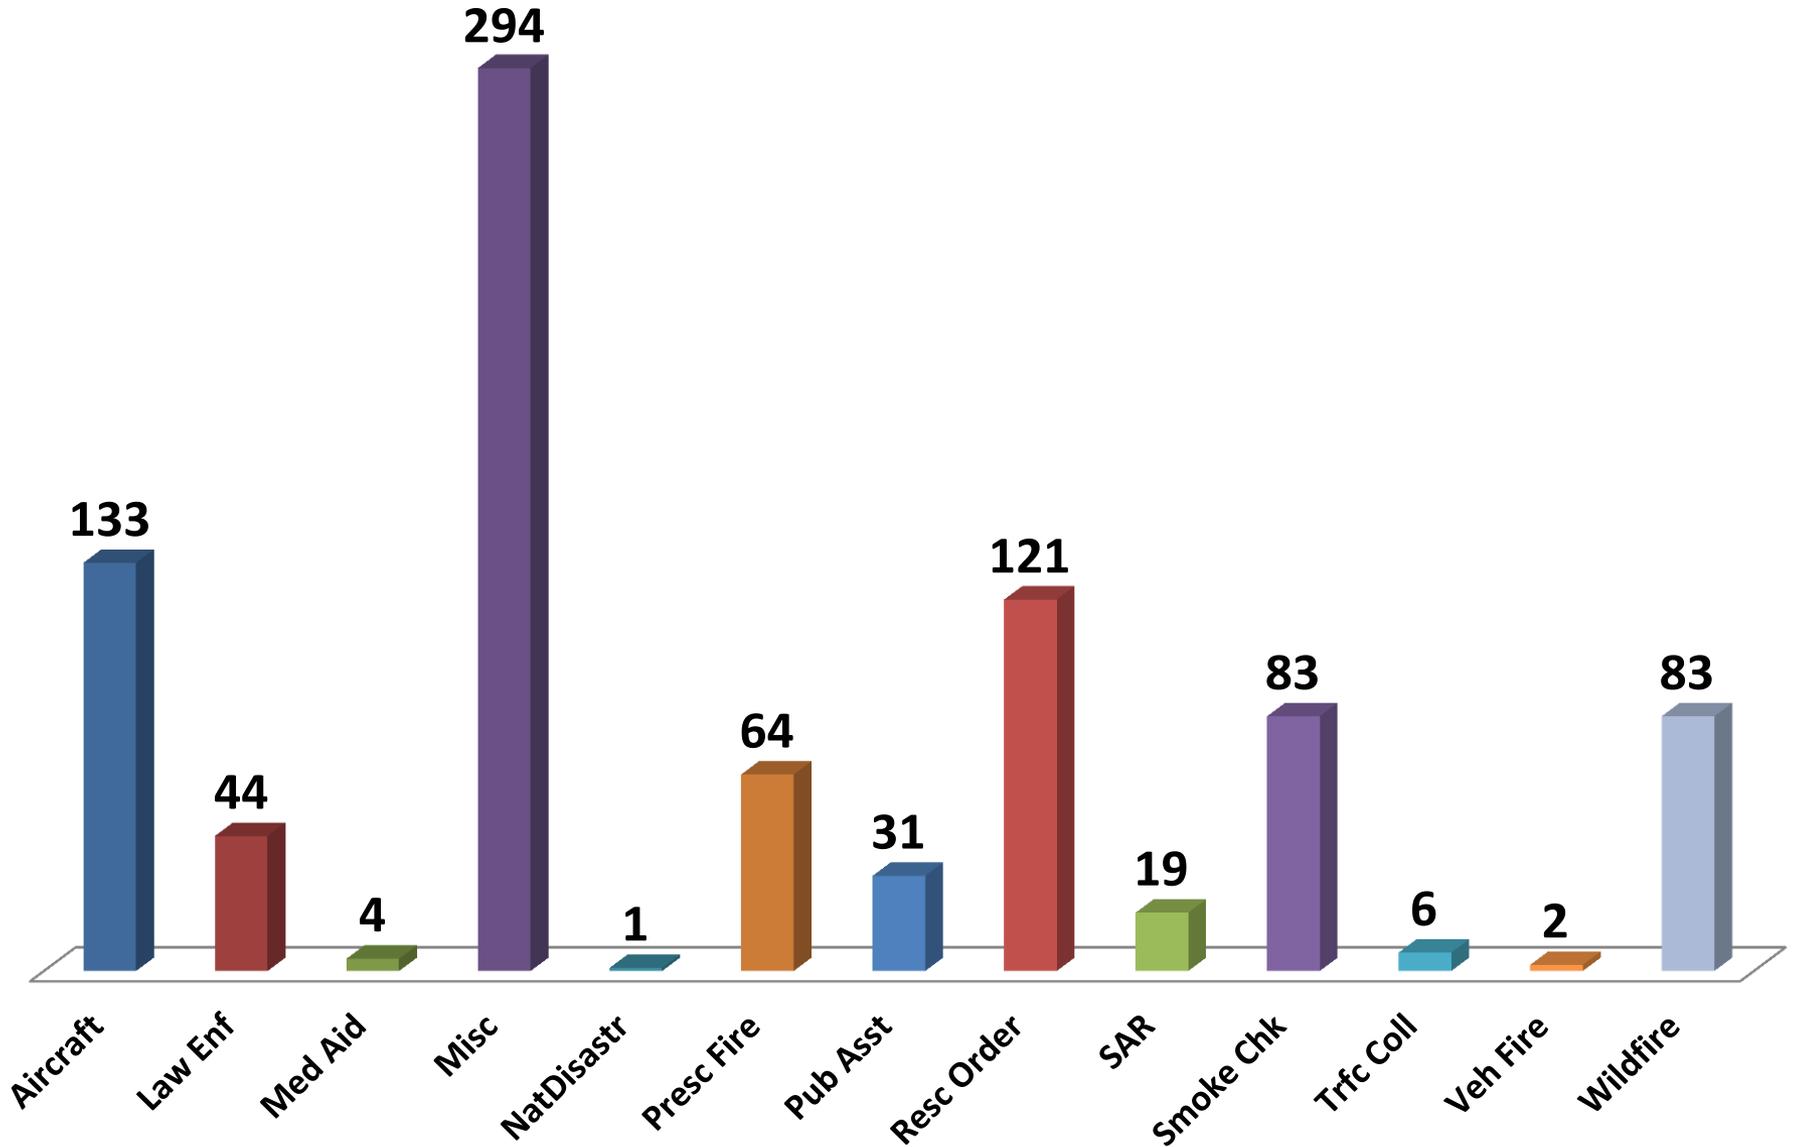

Inaugural Season of
Northern Colorado Helitack

N8MD “the Flying pumpkin”

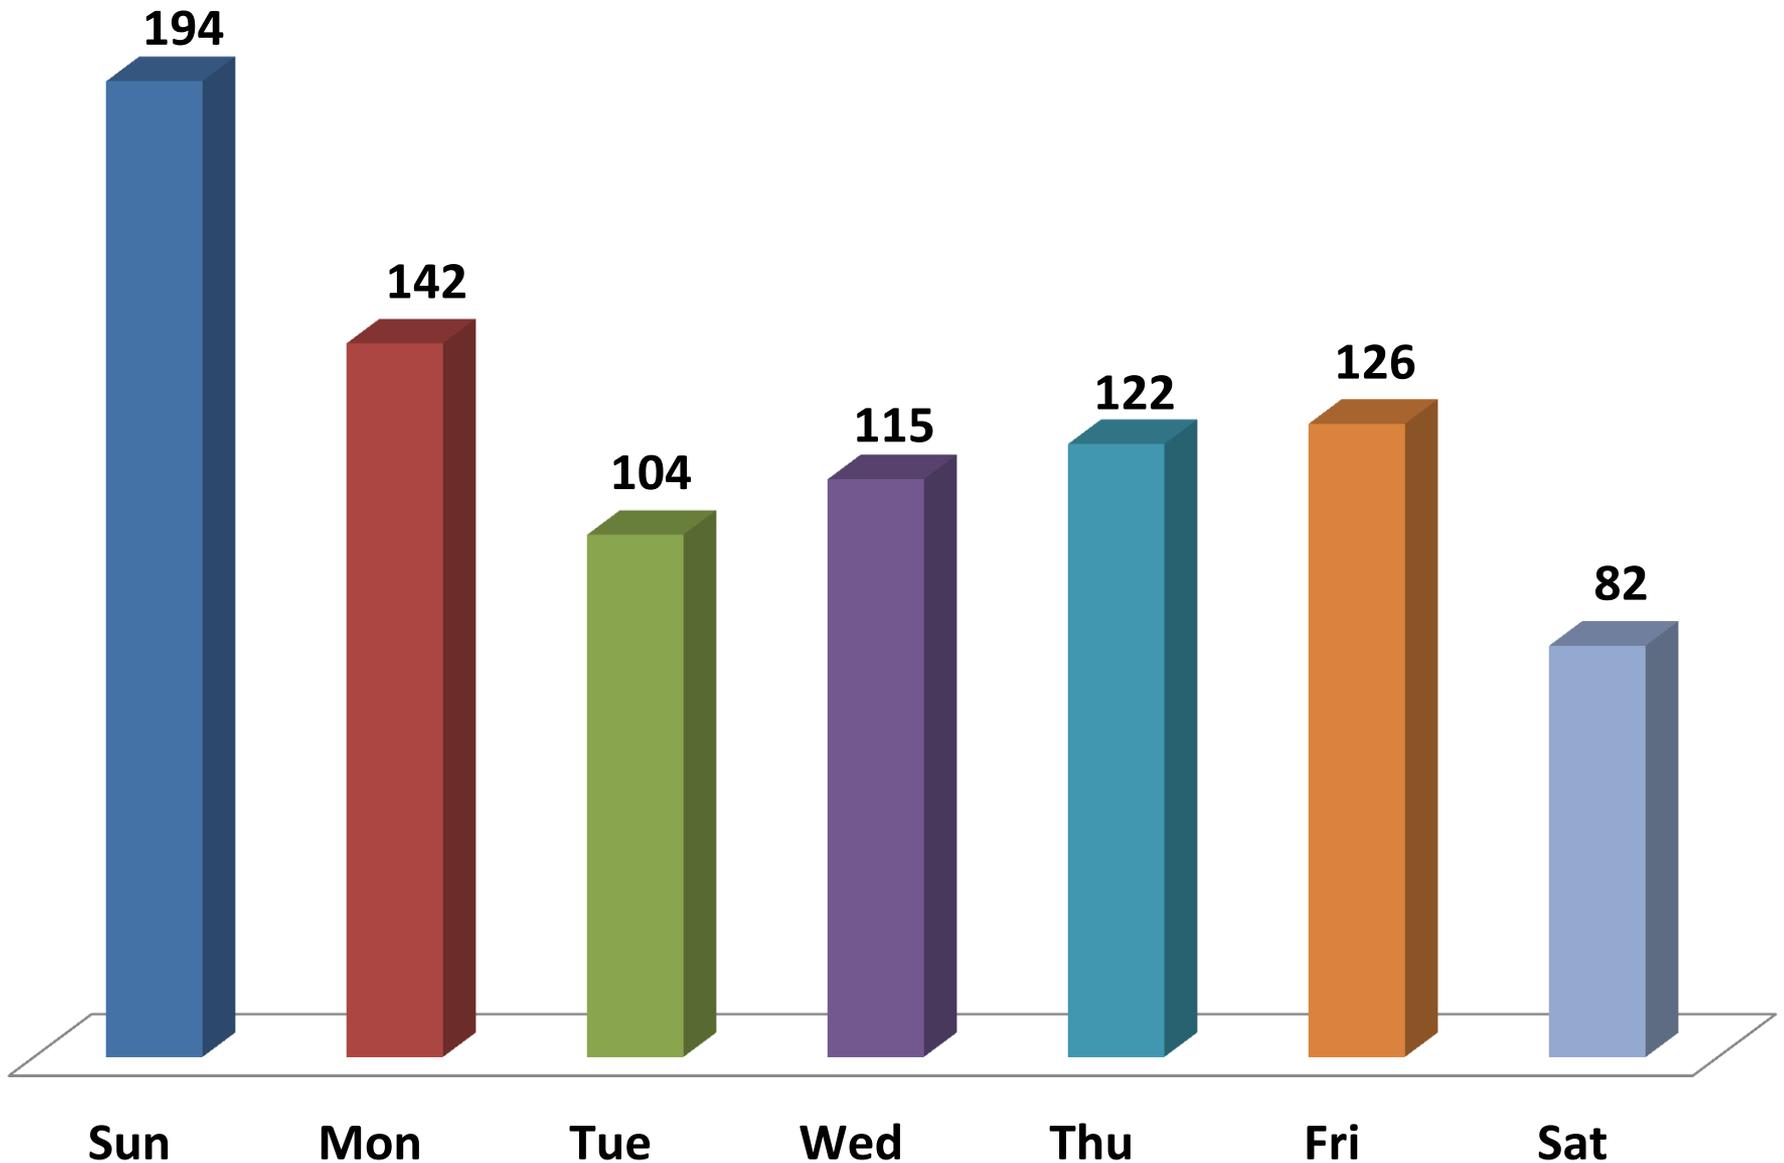

The 2014 FTC season was wetter than normal which reduced the zone's fire activity and acres burned. While the zone saw a decrease in local activity with no Team or Heavy Aircraft/SEAT mobilization; FTC was still busy providing support to the Regional and National mobilization effort with Overhead, Engines, Crews and Aircraft. FTC used every opportunity to bring in trainees to work on Dispatch Task Book positions and accomplished signing off several RADO, EDRC and EDSD's and working on IADP and ACDP for others. FTC's goal is to continue to improve the militia pool of qualified Dispatch personnel in the zone by continuing to work with trainees on Task Books.
